The world's fastest ducting

The Nordfab Group manufacture and supply high performance ducting. As a manufacturer of ductwork components for environmental filtration systems, we are proud to help supply clean air for workers and equipment in workplaces of all sizes and types. Our ducting is an integral part of dust, mist, and fume collection systems around the world.

Because our modular ducting systems clip together, no rivets screws, or welding are needed. This cuts installation and downtime by up to 50 % compared to flanged ductwork installation.

Quality

We take great pride in servicing our customers with our promise of being **Fast**, **Friendly**, and **Reliable**. Our products are produced in an ISO-certified and process-oriented manufacturing environment. Nordfab is ISO 9001:2015 and ISO 1400:2015 certified, ensuring our dependability, quality, service, delivery, and minimum impact on the environment.

Top 3 reasons to specify Nordfab

Nordfab is a quality-oriented manufacturer offering a variety of resources for facility designers, including CSI specifications and an AutoCAD plug-in.

1. Longevity

Nordfab is the original manufacturer of Quick-Fit modular clip-together ducting and is celebrating 50 years of helping provide clean air to industrial workplaces.

2. Sustainability

Nordfab proudly offers a sustainable product - one easily REUSED when facilities are reconfigured or when machinery is relocated, which reduces waste and eliminates the cost of new ductwork.

3. Global reach

Nordfab has sales and manufacturing operations in Denmark, UK, Australia, USA, and Thailand. Our distributors are experts in dust collection and can provide assistance no matter the location.

Our industries

Nordfab's modular clip-together ducting product range include straight duct, bends, branches, accessories, and more. Our ductwork is suitable for most industrial and commercial air filtration, dust collection, and fume extraction applications:

- Concrete & Cement
- EV Battery & Component Plants
- Food & Agriculture
- Grain Processing
- Metalworking
- Mining
- Recycling
- Textile Fiber
- Woodworking

Benefits using Nordfab Ducting

Easy & Fast to install

No rivets, screws, or welding are needed, which cuts installation and downtime by up to 50%.

Fast

Re-Useable

Easy to uninstall and relocate as you move machinery or have other changes in work areas.

Friendly

Fits most applications

Components are adaptable to existing ductwork.

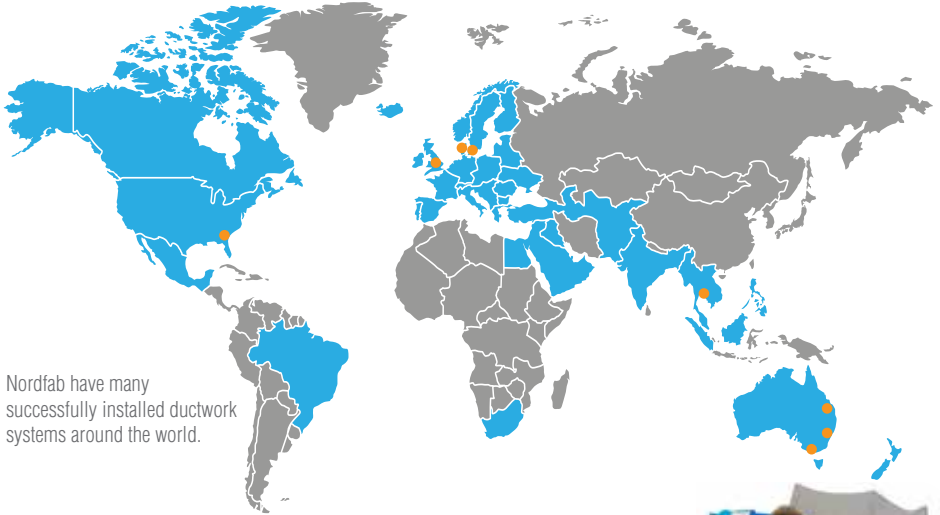

Reliable

The world's fastest ducting

www.nordfab.com

Nordfab have many successfully installed ductwork systems around the world.

The right resources

Nordfab have what it takes to become the preferred supplier of ducting components. We offer facility designers and engineers the following tools:

- Revit models to be downloaded at BIMobject.
- Industry-standard product specifications.
- NordCAD: an installation design application for CAD plug-in.
- Our in-house experienced installation design team and expert dealer support across the globe.
